github

- Fixed a bug as URL was unable to be accessed by the user, enabling them to see their changes accordingly.
- Refactored state management properties.

Projects

Ebag

live website

github

• Created an e-commerce website for online shopping using Next.js along with **Server-Side Rendering** strategy, enhancing performance and **SEO** by performing **CRUD** operations, leveraging **RESTful API**.

• Utilized **Razorpay** for **Payment Gateway Integration** where user can make payment using UPI/Cards during checkout.

• Technologies: **Progressive Web Apps, Typescript, Next.js, Tailwind CSS, Jotai, local storage, Prisma, RESTful API, Supabase, NextAuth.js, useSWR.**

Real-Estate

live-website

github

• Developed a real-estate website using **Docker** with **MERN** stack where a user can create a listing of their property to put up for rent or sale.

• **Dockerized** express.js for building server-side web applications and react for frontend, also integrated **Nginx** for **reverse proxy** and **caching**.

• Technologies: **Docker, Nginx, Progressive Web Apps, MERN, Typescript, Tailwind CSS, Express.js, React, Node.js, SWR, Firebase, Mongoose, Mongodb, JWT.**

Myhub

live website

github

• Developed a dynamic social networking websites using Next.js, a React framework for server-rendered applications.

• User can perform various **CRUD** operations, leveraging with custom API for seamless communication between frontend and backend.

• Technologies: **Next.js,Typescript,Tailwind CSS, Prisma, Mongodb, useSWR, Cloudinary, Jotai, Axios, NextAuth.js.**

ChatHub

live website

github

• Built an instant messaging and social platform website using Next.js where user can create one or multiple channels under specific chatrooms to communicate with each other.

• Integrated Firebase **Firestore** and **FirebaseStorage** for seamless **CRUD** operations along with secure storage, ensuring real-time data synchronization.

• Technologies: **Typescript, Tailwind CSS, Firebase Firestore, Firebase Storage,Recoil, Headless Ui.**
